IMPRESSIONS ABOUT THE BOOK

Write down impressions about the book To Kill a Mockingbird...

When we first started the book, it was very difficult to understand. After some chapters it started getting more interesting and easier. We really liked the international current problems the book is talking about such as racism, discrimination etc.

THEMES IN THE BOOK...

Explain which themes in the book have you noticed.

- *Racism*
- *Racial discrimination*
- *Helping the elderly and the sick*
- *Not judging somebody based on their social class*
- *Colour skin does not matter*
- *The different is not bad*

SIMILARITIES AND DIFFERENCES ...

Compare Slovenia with your country (similarities and differences).

- ▶ *SIMILARITIES : some dishes- such as tyropita, musaka etc- ,seaside, wine production*
- ▶ *DIFFERENCES : People are not night people- in our country we stay out till late at night- ,we have more seaside than green, here we throw paper in the toilet, food, we dont wear slippers at school, we bring our own snack at school, we still use masks at school, our school is not so big with so many facilities inside*

WORKSHOPS...

Introduce a workshop that you liked the most and how was it connected to the book

- *We most liked the workshop with the rap music from all over Europe because we had the chance to show to the other countries greek songs and also to hear these kind of songs from other countries.*
- *Another workshop we really liked was the technology workshop, as we had the change to try woodcutting for the first time and be creative*

IMPRESSIONS ...

*How did you spend your free time with Slovenian families?
How is their life different from yours?*

- ▶ Life here is way more different than ours. We really enjoyed our daily trips to the cave, the lake, the nature reserve and of course Ljubljana and our workshops too. As for our free time, we had the chance to learn more about the Slovenian lifestyle, gother in the local park and meet with friends, ride our bikes, play volleyball and have lots of fun.

ILLUSTRATION ...

Illustrate one of the moments of your visit in Slovenia...
